GUIDE TO ANGEL INVESTOR ORGANIZATIONS

ABOUT THIS GUIDE

This Guide to Angel Investing Organizations is a detailed listing of more than 200 angel investor groups throughout the United States, Canada and throughout the world. Although this guide is substantial, it does not purport to be fully comprehensive. Some of the information herein may be incorrect, and there may be Angel Organizations not listed in this guide (if you know of an organization that should be listed, please do not hesitate to contact me).

The organizations are categorized by state (with every state but West Virginia represented), as well as National, Canada and Other International sections. The listings note the name of the organization, location, and website (which will allow you to obtain contact information in most cases). In many cases, notes about investment criteria are provided, to speed your evaluation of appropriate angel networks.

Be sure to review angel organizations with a regional perspective in mind. Many angel networks are listed in one state, but invest across a spectrum that bridges state lines.

Good Luck!
